CHANCE FOR MUD RUNNERS

RAIN FALLS AT NEW ORLEANS AND TRACK WILL BE SOFT TODAY.

Business Men's Racing Association Formally Expresses Its Appreciation of Generous Patronage Accorded Fair Grounds Meeting

New Orleans, La., February 14.—Rain which fell through the greater part of today will bring a return of mud racing tomorrow at the Fair Grounds. The card can stand many withdrawals, for it is top heavy in the main.

Tuesday will see the finish of the meeting and many regrets are being expressed, for the racing is enjoying greater popularity than ever. The remaining days promise to exceed, in the matter of attendance, all former gatherings. Because of the Mardi Gras parades tomorrow and on Tuesday the opening race will not be run until three o'clock. The Business Men's Racing Association is alming for a brilliant close of the senson and with that in view it has been announced that next Tuesday, the closing day, will also be ladies' day. It is expected that an overwhelming number of the fair sex will be on hand. Most of the horsemen will remain at the Fair Grounds for some time after the close of the meeting awaiting developments at llot Springs with a view to shipping there in the event that a spring meeting is announced at Onklawn. The Fair Grounds track will be kept in order for training purposes.

The local newspapers this morning print a full page advertisement showing what the racing has done for New Orleans. It also conveys the thanks of the Business Men's Racing Association to the public for its generous patronage and to the local press and newspapers in other cities for support and encourragement. Managers of all leading hotelsher express their views of the many benefits derived from the host of visitors here as a result of racing, while the railroad people and unerchants also contribute favorable opinions. The Business Men's Racing Association also present sallent facts indicating how the city's business has benefited to the extent of \$800,000 during the forty days of racing.

There was a rumor going the rounds this aftermon that Judge Murphy before the close of racing—ext. might serve—notice on several of the prominent operators that their presence at future meetings would not be desired. The action wi

STAKE RACES NOW OPEN FOR ENTRIES.

Significant of the close proximity of the resumption of spring racing over the well-appointed Maryland tracks, is the announcement of twelve stake races by the Harford Agriculture and Breeding Association, which are to be run over its tracks at Havre de Grace in the course of its meeting beginning April 15. Entries to these events will close at midnight of Monday, March I, and they are the following:

For three-year-olds, and

or three-year-olds and over— Harford Handicap, \$1,500 added; 5-1-2 furlongs, Philadelphia Handicap, \$1,500 added; 3-4 mile, Belair Handicap, \$1,000 added; 3-4 mile, Susquehanna Handicap, \$1,600 added; 1 mile and Susquenanna Handicap, 51,000 auded, 1 and 5) yards.
Penn Selling Stakes, \$1,000 guaranteed; 5 1-2 fur-

ster Selling Stakes, \$1,000 guaranteed; 5 1-2

Wilmington Stakes, \$1,000 added; 5 1-2 furlongs.

berdeen Stakes, \$1,000 added; 4 1·2 furlongs, assie Stakes, fillies, \$1,000 added; 1·2 mile, erryville Selling Stakes, \$1,000 guaranteed; 4 1·2

1-2 mile.

The foregoing is a repetition of last year's satisfactory stake program and each that calls for liberal patronage from owners. Near by such important cities as Philadelphia, Baltimore and Washington, as well as only a few hours' travel from New York Havre de Grace is now an important racing point and its present offering should bring the favorable consideration of all who intend to race their horses in the east. Conditions are set forth elsewhere in this issue of Daily Racing Form.

LATONIA'S POLICY WARMLY COMMENDED.

nending the policy of Manager Hachmeister Latonia Jockey Club in increasing the value Latonia Derby to \$10,000 added, the Cincin-

of the Latonia Jockey Club in increasing the value of the Latonia Derby to \$19,000 added, the Cincinnati Enquirer says:

"Five years ago, in 1919, the Latonia Derby was worth only \$2,925 to the winner. Joe Morris carrying off the money and honors that year. It was right after this that the present management took bold at Latonia and racing immediately began to pick up. Under the careful guidance of the oresent officials racing at Latonia is better now than in any time at the track's thirty-two years of existence. At no time in its history did the track offer \$27,500 in added money for stakes for a twenty-fourday meeting. This condition has come about because of the extremely liberal policy of the management. The track has made money, but it has not been hearded or handed out in huge dividends. The bulk of the profits have been put back into improvements and in purse offerings to the horsemen. By being liberal with the horsemen, the management has succeeded in attracting the best horses in America to its course, and the public is always willing to pay to see the best in any line of amusement, whether it be acting, baseball or horse racing. The management now has some extensive improvements under consideration, but declares it is not ready just yet to make public what they are, Last fall John Hachmeister declared that he always was of the opinion that Latonia could be made the premier race track in Kentucky, and after the fall meeting be said that having assumed the lead, none of the other tracks would wrest the distinction away from it. His liberal purse offerings, coupled with the improvements which he contemplates, bear out his boast made at that time."

NOTES OF THE TURF.

In the Maritzberg Supreme Court last month, G. M. Macdonald of Durban, secretary to the Natal Executive of the South African Jockey Club, and formerly handicapper to the Durban Turf Club, said The Times of Natal for libel. The jury returned an unanimous verdict for the defendant newspace with costs. The Times commented on the fact of Mr. Macdonald handicapping some of the horses be was instrumental in selling, and took exception to the position. Hence the action we libel, but the jury found that it was fair comment.

These are seeking the best retrievemented by breeders who are seeking the best retrievemented by breeders who are seeking the best retrievement of the strain of the strai sister. Sea Shell, was almost in the front rank last season. J. W. Schort's Star Charter was a lorse of much class and was besides a fine stayer. Star Shoot does not appear to evince any special preference for any particular line of blood in his mates. Just breed any well-bred mare to him and you are practically certain to raise a winning flag. Imported Peep o'Day, the Glen Helen premier, is getting to be quite an old man now and was foated as far back as 1893. However, his offsyring show no signs of retrogression, rather the reverse, and I should say that the season just closed was the most successful ever experienced by this Ayrshire horse. Peep o'Day's breeding is really good. He is a son of the Derby winner, Ayrshire, by Hampton—Atalanta, by Galopin, from Feronia, by Thormanby (dam of St. Serf), and traces to the famous Beeswing, dam of Nunnykirk and Newminster. Sundown, Peep o'Day's dam, is by Springfield out of Sunshine, by Thormanby, thus giving a return of this stout licrod strain to the Thermanby in Ayrshire. The third dam is Sunheam, winner of the St. Leger, by the notoriously vicious gray horse. Chanticleer. This is a wonderfully productive branch of the No. 1 family, the female members of which are almost priceless. Sundown, hesides producing Peep o'Day, is the dam of Noonday, dam of Besom, Vandergrift and Suffragette. Springfield mares are grand producers. One of them is Pastorella, Colin's dam, and another, Sterra, is the mother of Sundridge, Last season Peep o'Day had out two berby winners in David Craig and John Gund. David Craig is cut of the imported mare Avon H., by Avington, which some years ago I persuaded the Messrs, Clay, proprietors of the Balzowan Stud to purchase, but they let her slip through their fingers and that astute horseman, Overton Chenault, got her and for him sie fealed the Messrs, Clay, proprietors of the Balzowan Stud to purchase, but they let her slip through their fingers and that astute horseman, overton Chenault, got her and for him sie fealed the International Deeby w

Gund's dam, My Gyns, is a good producing daughter of imported Kyrle Paly, a tail male descendant of funported Kyrle Paly, a tail male descendant of the Bandana-Volga route. Ed Crump, Peep o'Day's best two-year-old and a rare good-looking sort, is out of imported Deceiver's daughter, Evatine, which fraces to Alme, by Planet, a producing daughter for the famous Galopade line. Vogue, too, is a strongly-made, lusty filly that is likely to imporve with age, and is also American-bred on her dam's side, being out of Clare Russell, by Russell and running on down to Nanny Kilham, an imported daughter of Voltaire, Peep o'Day, like Star Shoot, has no preference as to his mates and they race in all colors.

Imported Ogden, sire of no less than nineteen two-year-old winners last season, stands fourth on the list and is a brown horse foaled in 1894, by Kill warlin—imported Orlole, Ogden won the Futurity and, after making a few seasons at Marcus Dady's Bitter Root Stud in Montana, was again put in training to win some good races—two of them in one afternoon if my memory serves. Kilwarlin, Ogen's sire, was a seasational St. Leger winner and is of Matchen descent, Imported Oriole is by Rond Or, frem Fenella, by Cambuscan Bold, out of La Favorita, dam of Flageolet (Ravon d'Or's sire), by Monarque. This is the despised No. 6 family, but I don't know so much about that. Fenella was the

COLONEL MARCHMONT WINS EL PASO SELLING STAKES AT JUAREZ.

Jockey Hollister Loses His License for Alleged Use of an Electric Battery on Burnt Candle in Race in Which That Horse Showed Unusual Speed.

El Paso, Tex., February 14.— The El Paso Selling Stakes, one mile, was the particular attraction at Juarez this afternoon. It was contested by a field of eleven, with Colonel Marchmont and Injury, the Fuller entry, ruling as the public choice. The former, ridden by jockey W. W. Taylor, was returned the winner in a hard drive with T. H. Ryan's Rash, the second choice. Both were outpaced in the early running and came from behind almost simultaneously. Brookheld filled the role of pacemaker and it was only at the end that he was displaced, first by Colonel Marchmont and then by Rash. The nace was fast all the way and the mile was completed in 1:38.

The afternoon's racing began auspiciously for the public when Marta Mac and King Worth accounted for the first two races, both being favorites. Marta Mac was ridden by jockey Gross and led throughout, while King Worth outlasted Florence Roberts in a fierce drive. King Worth has been showing excellent form here all season. It was his fourth victory of the meeting.

Dad Davies and bolous, two equal choices of the third, were first and second at the finish. The former was always prominent and, assuming the lead when John Spohn quit after making the early pace, scored easily.

The fifth race resulted in victory for the 15 to ¹ shot, Senator James, in a drive with Marle O'Psicia, the favorite. The two had the race to themselves at all stages.

The closing dash was productive of a thrilling flu-ish between Linbrock and Toynbee, in which the former prevailed by a nose. Toynbee, like his stablemate in the stake race, played the part of

stablemate in the stake race, played the part of pacemaker.

Jocky A. Hollister's license was revoked and he was warned off the track by the stewards for the alleged use of a battery on Burnt Candle in the third race yesterday. The horse in all his racing bere or in the west never showed the speed he did yesterday. Jockeys Bezanson and Martin made the accusation against Hollister. Bezanson claimed that he took the battery out of his boot in going up the mile chute and Martin said he saw him throw it away on the main track near the seven-eightus post. After the race was over an unidentified person was seen on the track near that point picking up something and he walked rapidly towards the stables before he could be intercepted.

THE SWING OF THE PENDULUM.

If those interested in the American thoroughbred will only leand all their energy toward reviving the sport of racing in all states where once the sport thrived there is a good chance for favorable results. The feeling in favor of racing is growing every where, Even in Texas and far off California bills are being prepared to present in their legislatures advocating some sort of legislation which will cause a revival of the sport under state control. It only remains for those concerned to bring all influence possible to bear in each individual case, and though success may not follow, the undertaking is certainly worthy of effort. In Missouri things look favorable for the passing of a bill to regulate racing, and in Arkansas it is practically settled that a bill will be passed, as the measure is being pushed forward by the business men of Hot Springs as well as peatically all broad-minded organizations. There is not the antipathy to the sport there was by a large majority. The men of this country are beginning to realize that there is not the harm in racing that they have been led to believe. The war, too, has opened the eyes of those who are concerned in horses of every degree. It has been statistically demonstrated that this country has lost a world of money on account of lack of material for remount purposes. Had the breeding industry not been stopped by legislation in several states during the last ten years this country still, notwithstanding the drain of the last six months, but thousand-did not pass muster on account of lack of quality. Had these been impregnated with the blood of thioroughbred they would no doubt have been accepted. The breeding of remounts will be a serious plenty of horses in this country still, notwithstanding the drain of the last six months, but thousand-did not pass muster on account of lack of quality. Had these been impregnated with the blood of the interest has been impregnated with the blood of the incomplete of the production. It is only the account of the last six months, but

of Isonomy, whose dam was the chestnut Isola Bella. Ultimus, in other respects, seems to adhere to family traditions. The best of his get, so far, are out of imported mares. Luke McLuke's dam is innerted Midge, by Trenton, and Last Coin, the star Ultimus two-year-ald of 1914, is out of Half Crown, by the famous Cyllene. Evidently, if Ultimus is to attain success in his present role, the imported outcross mare is to be his salvation.

Voter has been deported to France, and the roaring Weoisthorpe has crossed the river from which there is no return.

From the above it would appear that, as a rule, the outcross in the attempt to breed first-class race horses gives splendid results, also that Domino and Commando horses are best suited by imported mates, which of course, is but a thorough outcross, and that there has been no plan yet devised of mating blood-stock which gives such satisfying results as a blend of the three great lines of Hered, Matchen and Eclipse.

HAVANA TRACK CONSTANTLY IMPROVING.

Havana, Cuba, February 14.—Further improvement in the condition of the track at Oriental Park was apparent today. Colonel Holloway, in winning the nide race that served as the feature of the program, ran the mile in 1:50%, which is faster by four seconds than the distance had previously been run over the Cuba-American Jockey Cub's new course. Colonel Holloway's victory was easily achieved, He went to the post a 7 to 1 chance and led by a wide margin from start to finish. Lochiel, from the Bedwell stable, was the receding favorite of the race and after figuring as the runner up, gave way right at the end to Sepulveda for second money.

Zali, Dr. R. L. Swarenger and Balfron were the day's winning favorites.

GENERAL NEWS NOTES OF THE DAY

The German legation at the Hague has again warned neutral vessels against entering the war area around the British isles as defined by the German admiralty, and to the original note adds the following: "Since Germany, following the example of Great Britain, declared as a war zone on and after February 18, English and irish waters, the British have declared all the ports of England war ports and have justified the use of neutral flags on merchant vessels. Moreover, according to a retained and the source, a great number of British merchantmen have been armed in order to destroy Germant these ships lose their character as merchant ships, and become war vessels, Germany, therefore, is again obliged urgently to warn all neutral ships against entering English coast waters after February 18, as from that date the German admirally will prosecute the war with all means at its disposal against British war ports and British armed merchant ships. Neutral vessels which are then demerchant ships. Neutral vessels which are then they pursued a course through sea battles between England and Germany, of which the date and place could not have been made known, and will bring risks upon themselves for which Germany cannot take the responsibility. The route around the north of the endangered by mines. There, as well as in the waters of the North sea, with the exception of the Pritish waters and German bay, neutral shipping will not be endangered by the measures the German admiralty is adopting."

admiralty is adopting."

The German foreign office, after studying the American note respecting the declaration by Germany of a war zone in the waters around Great Britain and Ireland, states that the terms are much friendlier that previously had been expected by reason of the incomplete newspaper dispatches published in Berlin. The foreign office had not anticipated that he United State would accept the German position without objections, and it even recognizes that from the American standpoint certain of the points raised are quite justified. Germany, however, it is declared, intends to adhere to its own viewpoint. Various officials, diplomatic, naval and military, whose opinions have been sought profess to see no elements of danger in the situation. They are convinced that the naval campaign can be conducted on the lines laid down in the admiralty proclamation without involving difficulties between the United States and Germany.

the United States and Germany.

Officials of the Spanish government admit that an appeal has been made by that country to the powers for joint action to end what is termed a state of onarchy in Mexico. Details of the appeal were not made public, but it is known that the Spanish authorities expect the United States to take a leading part in any movement which may be decided upon. One suggestion is a renewal of the plan that a confederacy of South American mations, assisted by the United States, intervene and establish a permanent government. While this plan was first rejected by President Wilson, it is thought in Madrid that changed conditions might cause him now to look with more favor on it. Spain is greatly aroused over the expulsion of the Spanish minister from Mexico City by order of General Carranza. It was officially amounced that the government has requested the United States to safeguard the Spanish colony in the Mexican capital.

Guglielmo Ferrero, the Italian historian, in an interview in Paris, said that while the vast majority of Italians favor the cause of the allies, there are two currents in Italy, one for and the other against intervention. "It will depend," Signor Fererro said, "on events when Italy will intervene, and whether it will intervene at all or not. Italy's position, in fact, is one of balance and events will turn the scale."

In the present series of battles the Austrians have captured 29,000 Russians, according to an official statement issued at Vienna. The Austrians also claim to have advanced in Bukowina, crossed Jahonica Pass, won their way out of the central Carpathian valleys and reached Wisznitz, Kuty, Kossow, Delatyn and Pasicizna.
